OUR MISSION

Empower every crypto trader on the planet to experience fantasy trading

The idea behind the inception of MCP is to argue that the cryptocurrency market can be conceived as a fantasy trading project. Envisioning the cryptocurrency market within the fantasy sports framework, can simulate the crypto market investment and improve the chances of success

PRODUCT

MyCryptoPlay is the world's 1st blockchain-based advanced real-time fantasy trading platform which allows you to participate in various cryptocurrency price prediction contests and compete with peers all around the world — on the device of your choice anytime and anywhere

ECOSYSTEM
